

Linked to 2012
Ofsted inspection
framework and
new Teachers'
Standards

The National Education Trust

challenges you to review your provision and practice with an

Early Years BLINK

Trained in Ofsted Inspection across the Early Years Sector,
NET can offer independent external evaluation of your:

- Children's Centre
- Nursery School
- Daycare
- Pre-school setting
- Reception Class

The one-day review will be summarised in a written report
highlighting strengths and areas for development.

**If you would like a one-day 'health-check' in your setting, or if you have
any questions about BLINK please telephone 0207 702 0707**

“Professional and thoughtful approach”

Early Years BLINK

An Early Years BLINK offers leaders and managers in children's centres, nursery schools and early years settings a trained, experienced and knowledgeable perspective on the quality of provision and practice within their setting.

The review will include

- Guidance on the Self Evaluation Form to ensure it provides an accurate picture of the setting or school
- Reflections on the setting from different perspectives – a visitor, parent, inspector or adviser
- Knowledge of vulnerable groups and targeted interventions.
- The statutory requirements of the Early Years Foundation Stage and preparations for implementing the new framework.

The National Education Trust (NET) has extensive experience in inspecting and reviewing schools, nurseries and childcare settings.

NET has a team of experienced early years practitioners, headteachers and early years Ofsted trained inspectors who can quickly get to the heart of what makes for effective provision.

A detailed written report will be provided on completion of the BLINK with details of key issues and recommendations for quality improvement.

For more information on Early Years Blinks contact office@nationaleducationtrust.net or telephone 0207 702 0707

“I learned so much by listening to your questions and comments to staff”
